

## MEMBERSHIP FORM

The Bringing Them Home Committee (WA) Inc, was formed almost two decades ago to advocate for the rights of the people of the Stolen Generations and their families. It is closely allied with the recently incorporated West Australian Stolen Generations Aboriginal Corporation and is networked nationally with many organisations helping people to deal with the effects of generations of forced removals of children from their families and communities. Its membership is both Aboriginal and non-Aboriginal and adheres to the spirit of true reconciliation.

BTHCWA initiated the annual National Sorry Day (26<sup>th</sup> May) commemorations, as well as other events and initiatives designed to support **healing** for those who continue to suffer as a result of genocidal policies existing into the early 1970's. BTHCWA believes in having the **truth** about the removal policies told, and believes the community needs to be accurately informed about the policies and their transgenerational impact on Aboriginal communities and families across Australia today. BTHCWA wants to see **justice** achieved for the Stolen Generations, and supports any forms of compensation/reparations to those affected by the racist and cruel policies of past governments.
